**Thoughts and Comments from Committee Members:**

- Students with disabilities did not have the right to attend class with their peers until 1975. This is why many of the District's older buildings have ADA issues.
- Rebuild instead of remodel because of the age of the buildings.
- Take the time to do this right. There is a lot of information being presented each week.
- Continue to have discussions with the Park District regarding shared facilities.
- Dr. Laura Taylor, Deputy Superintendent talked about socio economic status and how schools are balanced.
- Have Town Hall meetings to get input from the community.
- The Committee should not second guess what the professionals are doing.
- The Committee needs time to speak with the people in their circles.

Next meeting: April 7, 2016 at 7:00 p.m. – Mellon Board Room

The meeting adjourned at 9:10 p.m.
